**Algebra I Packet**

**March/April 2020**

March 2020

Dear New Heights Charter School Scholars,

Thank you for taking time to complete this Algebra I packet. It is important to refine skills in academic areas during periods of absence from school. Scholars should work through this packet and complete as much work as possible. A reference sheet is located at the end of the packet, and a reference sheet is available as an attachment.

Submit this completed packet to your math teacher. As a reminder, the work completed in this packet will not count towards your grades, and it is considered academic enrichment.

Sincerely,

Ms. Miceli  
Director of Curriculum
